1. SOUTH KOREAN PRESIDENT POSSIBLY ILL

25X1A

A report from the American air attaché in South Korea suggests that President Rhee is ill, and that this fact is being withheld from even his close associates. The attaché reports that on 7 July he was the only person allowed to greet the president prior to flying him out of Seoul, and that unusual precautions were taken to shield the president from the view of onlookers. The attaché states that Rhee's face was badly swollen, and that both his physical and mental condition appeared poorer than at any time in the past two years.

3. EXPULSION OF LIBERAL PARTY LEADERS MAY BRING DISTURBANCES IN HONDURAS

25X1A

Acting with the approval of his cabinet, Honduran chief of state Lozano on 9 July exiled to Guatemala Liberal Party chief Villeda Morales and two other Liberal leaders, Francisco Milla Bermudez and Oscar Flores. This action reportedly followed Milla Bermudez's attempt to promote a general strike for 25 July. A

number of student arrests reportedly were ordered after students voted to begin a three-day strike on 9 July.

Comment

The Liberal Party, with Villeda as its presidential candidate, polled 48 percent of the vote in the 1954 elections. Since May 1956 Villeda's Communist-influenced faction of the party has been increasingly aggressive in attacks on the government. A threatened general strike in mid-June was probably promoted by Villeda and Gonzalo Carias, son of an ex-dictator, who apparently have a working agreement to oust Lozano.

Key armed forces officials declared their loyalty to the Lozano government on 13 June.
